

FOR MAINSTREAM SCHOOLS & SENCOS

# Give every pupil a place to **create.**

A professional studio that meets pupils where they are, builds confidence and reaches the ones who are hardest to engage. In small groups or one to one, at our studio or in your school.

● **Trusted by Bolton Council & Lancashire schools**

**TheEQLab.co.uk**    @eqlabuk    07496 862335

# Reach the pupils others **can't.**

Some pupils light up the moment they step into a studio, even the ones who have switched off from everything else. The EQ Lab gives your pupils a place to be creative, build real skills and feel proud of what they make. For a mainstream school, that means engagement, confidence and wellbeing you can see, enrichment that builds cultural capital, and outcomes you can evidence for pupil premium, personal development and Ofsted.

## **Engages the hardest to reach**

Creative sessions get through to pupils who disengage from the classroom, and attendance and behaviour often lift with them.

## **Enrichment for every pupil**

A genuine creative opportunity that builds cultural capital and personal development for your whole cohort, not just a chosen few.

## **Confidence and wellbeing**

A judgement-free space where pupils grow in confidence, self-expression and self-belief.

## **Evidence for what matters**

Clear outcomes for pupil premium, personal development and your Ofsted story.

**SENCOs, the next page is for you.** See how The EQ Lab supports autism, ADHD, SEMH, communication needs and EHCP outcomes.

# Built around your **SEND** pupils.

The EQ Lab works alongside your SEND provision, not around it. Sessions flex to the pupil, in a calm, low-pressure space, one to one or in a small group, at our studio or in your school. It is a way to engage pupils who are hard to reach, and to build and evidence progress towards their targets.

## **Autism**

Predictable, sensory-aware sessions with a familiar tutor, and space to focus on a real interest with no pressure to mask or perform.

## **ADHD**

Hands-on, high-interest and fast-moving, so attention comes naturally. Movement, music and quick wins suit pupils who find it hard to sit still.

## **SEMH**

A positive outlet and a trusted adult. Builds confidence and self-regulation for pupils at risk of disengaging or being excluded.

## **Communication and interaction**

Music, rhythm and creativity give pupils another way to express themselves when words are hard.

## **Supports EHCP outcomes and annual reviews**

### **Targets you can evidence**

Progress towards communication, social interaction, emotional regulation, engagement and independence.

### **Simple session notes**

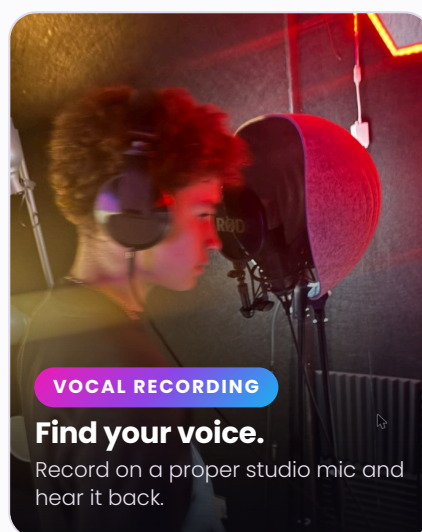

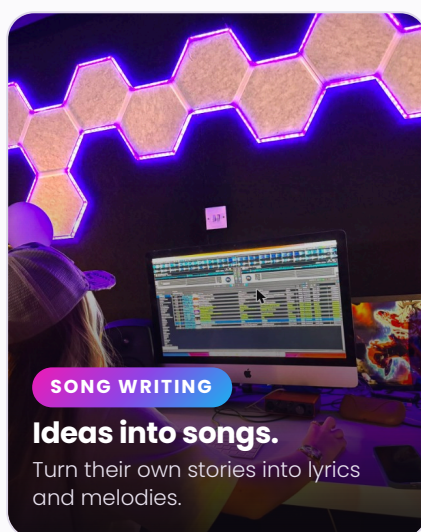

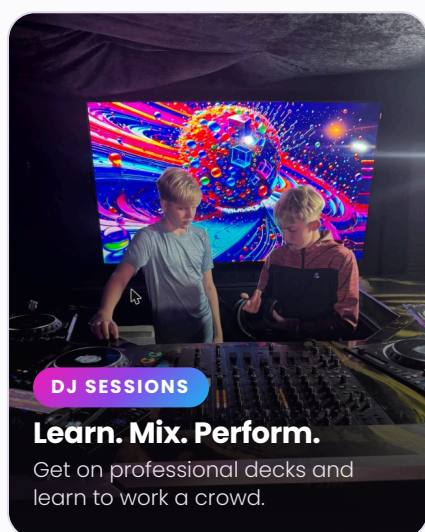

We can share short notes for your records, annual reviews and provision map.

### **A fundable intervention**

Slots neatly into SEND support and pupil premium spend, with clear, visible value.

# No experience needed. Nothing is **off limits**.

Each session is a menu, not a lesson plan. Pupils try their hand at whatever appeals, in a small group or one to one, at our studio or in your school. There is something here whether they think of themselves as musical or not, and no pressure to produce anything, just a chance to get stuck in.

## GAME ZONE

### Chill. Compete. Level up.

Time out on the console. A relaxed way to settle in, connect and have some fun together.

## TIKTOK CONTENT

### Create. Film. Edit.

Make content, build a brand and grow an audience, using skills that genuinely matter to them.

UNLOCK POTENTIAL

**Your sound. Your story. Your future.**

# Built around your school.

Every school is different, so every package is shaped around you. Run sessions in small groups or one to one for pupils who need more support, at our studio or in your school. Sessions adapt to every pupil, so they work just as well for SEN and SEMH as for mainstream. Tell us the pupils, the goals and the timetable, and we will make it fit. Start with a four-week trial to see the impact, then build it into your provision.

## 1:1

or small groups, your choice

## 2hr

Focused studio or in-school sessions

## 3

Up to three sessions in a day

## 4wk

Book a 4-week trial to start

## Ready to go further? 12-week courses

For pupils who really take to it, we run 12-week courses that build real, lasting skills. Delivered one to one, or in pairs, so they get proper focused attention and finish with something to show for it.

DJing

Music Production

MCing / Rapping

DBS-checked staff

Public liability insured

In school or at our studio

Adapted to every pupil

## HOW IT WORKS

### 1

### Get in touch

Tell us about your pupils, your goals, and what you would like them to get out of it.

### 2

### We build your package

We shape the sessions, format, location and timings around your needs and your budget.

### 3

### Pupils get stuck in

They come to us, or we come to you, get hands-on, and build skills and confidence that are theirs.

**Trusted by Bolton Council and schools across Lancashire.** Rated 5 out of 5, with 100% of reviewers recommending us.

LET'S TALK

# Let's build a package around your pupils.

Get in touch and we will put together something that works for your school, your staff and your pupils. We are happy to talk through ideas, answer questions, and arrange a first visit or a taster session.
